

Agile Implementation Template

1. Outcomes & Evidence of Agility <small>If our Agile transformation is working in 12–18 months, what would be demonstrably true?</small>	2. Transformation Scope <small>Where will we apply Agile first — and just as importantly, where won't we?</small>	3. Roles, Leadership & Enablement Network <small>Who owns agility here — and how is it enabled, not centralised?</small>		
4. Cadence & Planning Rhythm <small>What cadence will the organisation operate on — and why?</small>	5. Core Agile Rituals & Integration <small>Which existing meetings and forums will we evolve rather than add to?</small>	6. Work Visibility, Flow & Data <small>How will work, flow, and value be made visible?</small>		
7. Learning, Capability & Onboarding <small>How will people learn to work this way — now and in the future?</small>	8. Change Management, Risks & Blockers <small>What would stop this working here? Where will resistance show up first? What existing habits will we need to unlearn?</small>	9. 90-Day Transformation Focus <small>What are the 3 to 5 most important actions in the next 90 days to get this moving?</small>
